# **Vietnam Dairy Products Joint Stock Company Statement of the Board of Management**

# STATEMENT OF THE RESPONSIBILITY OF THE BOARD OF MANAGEMENT IN RESPECT OF THE SEPARATE INTERIM FINANCIAL STATEMENTS

The Board of Management is responsible for the separate interim financial statements of Vietnam Dairy Products Joint Stock Company ("the Company") which give a true and fair view of the unconsolidated financial position of the Company as at 31 March 2023 and of the unconsolidated results of operations and unconsolidated cash flows for the three-month period then ended. In preparing these separate interim financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the separate interim financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Management is responsible for ensuring that proper accounting records are maintained, which disclose, with reasonable accuracy at any time, the unconsolidated financial position of the Company and which enable these separate interim financial statements to be prepared which comply with Vietnamese Accounting Standard 27 – Interim Financial Reporting, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to interim financial reporting. The Board of Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# APPROVAL OF THE SEPARATE INTERIM FINANCIAL STATEMENTS

We hereby approve the accompanying separate interim financial statements set out on pages 6 to 53, which give a true and fair view of the unconsolidated financial position of the Company as at 31 March 2023, and of the unconsolidated results of operations and unconsolidated cash flows for the three-month period then ended in accordance with Vietnamese Accounting Standards 27 – Interim Financial Reporting, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to interim financial reporting.

#### INTERIM FINANCIAL STATEMENTS REVIEW REPORT

# To the Shareholders Vietnam Dairy Products Joint Stock Company

We have reviewed the accompanying separate interim financial statements of Vietnam Dairy Products Joint Stock Company ("the Company"), which comprise the separate statement of financial position as at 31 March 2023, the separate statements of income and cash flows for the three-month period then ended and the explanatory notes thereto which were authorised for issue by the Company's Board of Management on 28 April 2023, as set out on pages 6 to 53.

# Management's Responsibility

The Company's Board of Management is responsible for the preparation and fair presentation of these separate interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to financial reporting, and for such internal control as the Board of Management determines is necessary to enable the preparation of the separate interim financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express a conclusion on these separate interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 – Review of interim financial information performed by the independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Auditor's Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying separate interim financial statements do not give a true and fair view, in all material respects, of the unconsolidated financial position of Vietnam Dairy Products Joint Stock Company as at 31 March 2023 and of its unconsolidated results of operations and its unconsolidated cash flows for the three-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises and the relevant statutory requirements applicable to interim financial reporting.

#### II. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY

# 1. Annual accounting period

The annual accounting period of the Company is from 1 January to 31 December.

#### 2. Accounting and presentation currency

The Company's accounting currency is Vietnam Dong ("VND"), which is also the currency used for separate interim financial statement presentation purpose.

#### III. ACCOUNTING STANDARDS AND SYSTEM

#### 1. Statement of compliance

The separate interim financial statements have been prepared in accordance with Vietnamese Accounting Standards 27 – *Interim Financial Reporting*, the Vietnamese Accounting System for enterprises and the relevant statutory requirement applicable to interim financial reporting. The Company prepares and issues its consolidated interim financial statements separately. For a comprehensive understanding of the Company's consolidated financial position, its consolidated results of operations and its consolidated cash flows, these separate interim financial statements should be read in conjunction with the consolidated interim financial statements.

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### 2. Basis of measurement

The separate interim financial statements, except for the separate statement of cash flows, are prepared on the accrual basis using the historical cost concept. The separate statement of cash flows is prepared using the indirect method.

# 3. Accounting form

The Company applies computerised accounting form.

#### IV. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies have been adopted by the Company in the preparation of these separate interim financial statements.

The accounting policies that have been adopted by the Company in the preparation of these separate interim financial statements are consistent with those adopted in the preparation of the latest separate annual financial statements.

# 1. Foreign currency transactions

Transactions in currencies other than VND during the period have been translated into VND at actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer buying rate and account transfer selling rate, respectively, at the end of the accounting period quoted by the commercial bank where the Company most frequently conducts transactions and has the largest outstanding balance of foreign currencies at the end of the accounting period.

All foreign exchange differences are recorded in the separate statement of income.

# 2. Cash and cash equivalents

Cash comprises cash balances and call deposits. Cash equivalents are short-term highly liquid investments that are readily convertible to known amount of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

Form B 09a – DN (Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### 3. Investments

# (a) Held-to-maturity investments

Held-to-maturity investments are those that the Company's Board of Management has intention and ability to hold until maturity. Held-to-maturity investments include term deposits at bank and corporate bonds. These investments are stated at costs less allowance for diminution in the value.

Held-to-maturity investments classified as monetary items denominated in foreign currencies are revaluated at actual exchange rate at the reporting date.

# (b) Investments in subsidiaries and associates, joint venture

Subsidiaries are those entities in which the Company has control over the financial and operating policies, generally evidenced by holding more than half of voting rights. In assessing control, exercisable potential voting rights are taken into account.

Associates are those entities in which the Company has significant influence, but not control, over the financial and operating policies. Joint ventures are those entities over whose activities the Company has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions. Associates and joint ventures are entities in which the Company normally holds 20% to 50% of voting rights in these entities.

For the purpose of these separate interim financial statements, investments in subsidiaries and associates, joint venture are initially recognised at cost which includes purchase price plus any directly attributable transaction costs. Subsequent to initial recognition, these investments are stated at cost less allowance for diminution in value. An allowance is made for diminution in investment value if the investee has suffered a loss which may cause the Company to lose its invested capital, unless there is evidence that the value of the investment has not been diminished. The allowance is reversed if the investee subsequently made a profit that offsets the previous loss for which the allowance had been made. An allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that would have been determined if no allowance had been recognised.

In case the Company dissolves the subsidiary and merges all assets and liabilities of the subsidiary into the Company (the Company inherits all the rights and obligations of the subsidiary), the Company reduces the carrying amount of the investment in the subsidiary and records all assets and liabilities of the dissolved subsidiary in the separate interim financial statement of the Company at fair value at the date of the merger. The difference between the cost of an investment in a subsidiary and the fair value of the asset and liability is recognised in financial income or expense.

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

# (c) Investment in equity instruments of other entities

Investment in equity instruments of other entities are initially recognised at cost which include purchase price plus any directly attributable transaction costs. Subsequent to initial recognition, these investments are stated at cost less allowance for diminution in value. An allowance is made for diminution in investment values if the investee has suffered a loss which may cause the Company to lose its invested capital, unless there is evidence that the value of the investment has not been diminished. The allowance is reversed if the investee subsequently made a profit that offsets the previous loss for which the allowance had been made. An allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that would have been determined if no allowance had been recognised.

## 4. Accounts receivable

Accounts receivable are monitored in detail of receivable terms, receivable parties, original currency and other factors depending on the Company's managerial requirements. Accounts receivable from customers include trade receivables arising from buying-selling transactions. Other receivables include non-trade receivables, not related to buying-selling transactions. Accounts receivable are classified as short-term and long-term in the separate statement of financial position based on the remaining period of these receivables at the reporting date.

Trade and other receivables are stated at cost less allowance for doubtful debts. Allowance for doubtful debts is made for each doubtful debt based on overdue days in payment of principals according to initial debt commitment (exclusive of the debts rescheduling between contracting parties), or based on expected loss that may arise.

Trade and other receivables classified as monetary items denominated in foreign currencies are revaluated at actual exchange rate at the reporting date.

#### 5. Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average basis and includes all costs incurred in bringing the inventories to their present location and condition. Cost in the case of finished goods and work in progress includes raw materials, direct labour and attributable manufacturing overheads. Net realisable value is the estimated selling price of inventory items, less the estimated costs of completion and estimated costs to sell.

The Company applies the perpetual method of accounting for inventories.

Form B 09a - DN

(Issued under Circular No. 200/2014/IT-BTC dated 22 December 2014 of the Ministry of Finance)

# 6. Tangible fixed assets

#### (a) Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the asset and restoring the site on which it is located. Expenditure incurred after tangible fixed assets have been put into operation, such as repair and maintenance and overhaul cost, is charged to the separate statement of income in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

# (b) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

buildings and structures
 machinery and equipment
 motor vehicles
 office equipment
 5 - 50 years
 2 - 15 years
 4 - 10 years
 2 - 10 years

#### 7. Intangible fixed assets

#### (a) Land use rights

Definite life land use rights are stated at cost less accumulated amortisation. The initial cost of land use rights comprises its purchase price and any directly attributable costs incurred in conjunction with securing the land use rights. Amortisation is computed on a straight-line basis over the valid term of land use rights certificate.

Indefinite life land use rights are stated at cost and not amortised.

#### (b) Software

Cost of acquiring of new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software is amortised on a straight-line basis over 2 - 8 years.

Form B 09a - DN (Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

# 8. Investment property

# (a) Cost

Investment property held to earn rental is stated at cost less accumulated depreciation. The initial cost of an investment property held to earn rental comprises its purchase price, cost of land use rights and any directly attributable expenditure of bringing the property to the condition necessary for it to be capable of operating in the manner intended by the Board of Management. Expenditure incurred after the investment property held to earn rental has been put into operation, such as repair and maintenance, is charged to the separate statement of income in the period in which the expenditure is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in future economic benefits in excess of the originally assessed standard of performance of the existing investment property held to earn rental, the expenditure is capitalised as an additional cost of the investment property.

# (b) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of investment property held to earn rental. The estimated useful lives are as follows:

definite life land use rights
 infrastructure
 buildings
 49 years
 8 – 10 years
 6 – 50 years

# 9. Construction in progress

Construction in progress represents the costs of tangible and intangible fixed assets which have not been fully completed or installed. No depreciation is provided for construction in progress during the period of construction and installation.

#### 10. Prepaid expenses

# (a) Prepaid land costs

Prepaid land costs comprise prepaid land lease rentals, including those for which the Company obtained land use rights certificate but are not qualified as intangible fixed assets under prevailing laws and regulations, and other costs incurred in conjunction with securing the use of leased land. These costs are recognised in the separate statement of income on a straight-line basis over the term of the lease.

# (b) Tools and instruments

Tools and instruments include assets held for use by the Company in the normal course of business whose costs of individual items are less than VND30 million and therefore not qualified for recognition as fixed assets under prevailing regulation. Cost of tools and instruments are amortised on a straight-line basis over 1-5 years.

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### (c) Others

Others are recorded at cost and amortised on a straight-line basis over their economic useful lives of 1-3 years.

# 11. Trade and other payables

Accounts payable are monitored in details by payable terms, payable parties, original currency and other factors depending on the Company's managerial requirements. Accounts payable to suppliers include trade payables arising from transaction of buying-selling transactions and payables for import through entrustees (in import entrustment transactions). Other payables include non-trade payables, not related to buying-selling transactions. Accounts payable are classified as short-term and long-term in the separate statement of financial position based on the remaining period of these payables at the reporting date.

Trade and other payables are stated at their cost. Trade and other payables classified as monetary items denominated in foreign currencies are revaluated at actual exchange rate at the reporting date.

# 12. Accrued expenses

Accrued expenses include those made for goods, services received from suppliers in the accounting period but not yet paid due to the lack of receipts or supporting documents, are recognised as manufacturing and operating expense in the reporting period based on the term stated in the respective contracts.

#### 13. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

#### Severance allowance

Under the Vietnamese Labour Code, when an employee who has worked for 12 months or more ("the eligible employees") voluntarily terminates his/her labour contract, the employer is required to pay the eligible employee severance allowance calculated based on years of service and employee's compensation at termination. Provision for severance allowance has been provided based on employees' years of service and their average salary for the six-month period prior to the end of the accounting period. For the purpose of determining the number of years of service by an employee, the period for which the employee participated in and contributed to unemployment insurance in accordance with prevailing laws and regulations and the period for which severance allowance has been paid by the Company are excluded.

Form B 09a – DN (Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

# 14. Share capital

# (a) Ordinary shares

Ordinary shares are stated at par value. Excess of cash received from share issues over par value is recorded as share premium. Incremental costs directly attributable to the issue of shares, net of tax effects, are recognised as a deduction from share premium.

# (b) Repurchase and reissue of ordinary shares (treasury shares)

Treasury shares are recognised only in respect of repurchased shares which are aggregated fractions of the share arising when the company issues shares to pay dividends or issues shares from equity reserves in accordance with an approved issuance plan, or repurchased odd-lots of shares as requested by the shareholders. In all other cases, when shares recognised as equity are repurchased, their par value amount is recognised as a reduction to share capital. The difference between the par value and the amount of the consideration paid, which includes directly attributable costs, net of tax effects, is included in share premium.

#### 15. Taxation

Income tax on the unconsolidated profit or loss for the period comprises current and deferred tax. Income tax is recognised in the separate statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the accounting period, and any adjustment to tax payable in respect of previous periods.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at the end of the accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### 16. Revenue and other income

## (a) Goods sold

Revenue from the sale of goods is recognised in the separate statement of income when significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or possible return of goods. Revenue on sales of goods is recognised at the net amount after deducting sales discounts stated on the invoice.

#### (b) Services rendered

Revenue from services rendered is recognised in the separate statement of income in proportion to the stage of completion of the transaction at the end of the accounting period. The stage of completion is assessed by reference to surveys of work performed. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due.

#### (c) Rental income

Rental income from leased property is recognised in the separate statement of income on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income.

#### (d) Interest income

Interest income is recognised on a time proportion basis with reference to the principal outstanding and the applicable interest rate.

#### (e) Dividend income

Dividend income is recognised when the right to receive dividend is established.

#### (f) Income from disposal of short-term and long-term financial investments

Income from disposal of short-term and long-term financial investments is recognised in the separate statement of income when significant risks and rewards of ownership have been transferred to the buyer. Significant risks and rewards of ownership have been transferred upon the completion of trading transaction (for listed securities) or the completion of the agreement on transfer of assets (for non-listed securities).

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### 17. Revenue deductions

Revenue deductions included sales discounts, sales allowances and sales returns.

In case goods were sold or services were provided during the reporting period but the related sales discounts, sales allowances or sales returns occur in the following period, revenue deductions are recognised in the reporting period only if such payments incur prior to the issuance of the separate interim financial statements.

#### 18. Cost of sales

Cost of sales comprise the cost of products, goods and services provided during the period and is recognised corresponding to revenue. For cost of direct raw materials consumed which is over the normal level, labour cost and manufacturing overheads not allocated to finished goods are recorded directly into the cost of sales (after deducting compensations, if any) even if products and goods are not yet determined to be consumed.

# 19. Operating lease payments

Payments made under operating leases are recognised in the separate statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the separate statement of income as an integral part of the total lease expense, over the term of the leases.

#### 20. Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred, except where borrowing costs relate to borrowings in respect of the construction of qualifying assets, in which case the borrowing costs incurred during the period of construction are capitalised as part of the cost of the assets concerned.

#### 21. Dividend distribution

The Company's net profit after tax is available for appropriation to shareholders as dividends after approval by shareholders at the Company's Annual General Meeting and after making appropriation to reserve funds in accordance with the Company's Charter.

Dividends are declared and paid based on the estimated earnings of the year. Final dividends are declared and paid in the following period from undistributed earnings based on the approval of shareholders at the Company's Annual General Meeting.

Form B 09a - DN

(Issued under Circular No. 200/2014/TT-BTC dated 22 December 2014 of the Ministry of Finance)

#### 22. Funds

Appropriation to funds is made in accordance with the Company's Charter as follows:

Bonus and welfare fund

10% of profit after tax

Investment and development fund

10% of profit after tax

Utilisation of the above funds requires approval of the shareholders, the Board of Directors or the Chief Executive Officer, depending on the nature and magnitude of the transactions involved as stated in the Company's Charter.

#### 23. Segment reporting

A segment is a distinguishable component of the Company that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Company's primary format for segment reporting is based on geographical segments.

# 24. Related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control or are controlled by, or under common control with, the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprises, key management personnel, including directors and officers of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

#### 25. Comparative information

Comparative information in these separate interim financial statements are presented as corresponding figures. Under this method, comparative information for the prior period are included as an integral part of the current period separate interim financial statements and are intended to be read only in relation to the amounts and other disclosures relating to the current period. Accordingly, the comparative information included in these separate interim financial statements is not intended to present the Company's separate financial position, results of operation or cash flows for the prior period.
